Additional Release for Monday, May 22, 1995

NOVATO CABLE COMPANY. Remanded operator's appeal of FCC Form 1200-based local rate order, holding that, although a franchising authority can properly set rates for a nonresponsive operator based on the best information available the operator, setting an operator's installation rates at zero, as the City did here, was not in accordance with our rules and was therefore unreasonable. City of Novato, California. (By Order [DA 95-1125] adopted May 18 by Chief, Cable Services Bureau)

Released Tuesday, May 23, 1995

CENTURY NEW MEXICO CABLE CORP. SILVER CITY, NM. Denied petition filed by Century New Mexico Cable Corporation's, regarding the Town's inclusion of 100 percent of four employees' salaries into the regulated equipment basket, and the Town's adjustment to Century's converter failure rate. (By MO&O [DA 95-1134] adopted May 19 by the Chief, Cable Services Bureau)

CENTURY SOUTHWEST CABLE TV BEVERLY HILLS, CA. Granted extension of local rate stay order for Century Southwest Cable Corp. in Beverly Hills, California until the Commission releases a decision on Century's Application for Review for both Beverly Hills and Los Angeles, California. (By Order [DA 95-1135] adopted May 19 by the Chief, Cable Services Bureau)

FALCON CABLE SYSTEMS OF SAN LUIS OBISPO, CA. Denied appeal of local rate order, holding that

Falcon's initial maximum permitted rate for the basic service tier was \$14.17. That rate was in effect until the County approved a rate increase in the subsequently filed Form 1210. Falcon did not file its Form 1210 until October 31, 1994. The County approved the increase in that filing, effective December 1, 1994. For the period July 14, 1994 through November 30, 1994, the difference between \$15.72, the rate Falcon charged, and \$14.17, Falcon's permitted rate, constitutes Falcon's refund liability. Because the County defined Falcon's refund liability in this manner in its rate order, we find its decision reasonable. (By Order [DA 95-1136] adopted May 19 by the Chief, Cable Services Bureau)

CABLEVISION INDUSTRIES. Granted petition for revocation filed by Florida Cablevision Management, Corp. d/b/a/ Cablevision Industries challenging the certification of Collier County, Florida to regulate Cablevision Industries' basic cable service rates. Cablevision Industries argues that it is subject to effective competition under the low penetration test. (By MO&O [DA 95-1137] adopted May 19 by Chief, Cable Services Bureau)
